LOCAL AND PERSONAL.

—The river is still falling.

—The wheat in this county is safe.

—Another Miss Bacon at Judge L. Bacon's.

—Tony Palmer has more new churn dashers.

—Last Friday was the hottest day of the season thus far.

—The Sport took down, last Monday, a car of new wheat.

—Thos. Monroe, formerly of this place is now a resident of Lebanon.

—Our Senator was off for the Capitol last Monday, for a week's sojourn.

—Tuscumbia still moving onward in improvements and business.

—The Chappell is still afloat, on dry land, about ten miles above this place.

—Messrs. Jas. Franklin and Wm. Swanson of Mt. Pleasant was in the city last Sunday.

—Tuesday, Wednesday and Saturday—the grinding days at the Anchor mill.

—Up to this time the California and Richmond mail contracts have not been fully settled.

—Beans have grown so plentiful that they can be bought in this market at twenty cents a bushel.

—Through the energy of the Brumley folks they get their mail, but not by the mail contractor.

—The Sport arrived last Sunday with a car of merchandise for this place. She is the boat for the Osage.

—Capt. W. H. Haunstein started to St. Paul and other northern points for his health. We wish him a beautiful trip.

—New potatoes in this market are 50 cents, green apples 50 to 75 cents, and we can't tell what green peaches will be worth.

—Mrs. E. J. Williams of Ulimons Ridge sent us, last Tuesday, some of the finest roasting ears we have had this season.

—A good artist is much needed at this place and if as successful as those who have been here before, he will do a profitable business.

—The splendid bridge over the branch at this place is fast approaching completion, and it will be a credit to the county for years hence.

—The boom for a church building at Flatwoods is booming, and the people of that vicinity will soon have, through their energy, a No. 1 edifice.

—Several wagons will leave this place in a few days for Howard's lumber yard, where they can get lumber for less than half the price at any other yard.

—Two dogs belonging to Ray, W. C. Downing, living near Mt. Pleasant, were adjudged mad, last week; Rev. D. succeeded in killing one and the other escaped.

—Mr. J. Ver Bryck of Brumley was in last Monday. He will open a first class hotel at this place this week, where the traveling public can be entertained in the best of style.

—No preaching at Flatwoods last Sunday. For some reason, unknown to us at this time, Rev. Springer did not come. We are confident his cause for not coming is well founded.

—Commissioner Baker held a teachers examination at this place last Saturday. Not knowing anything of the appointment we did not attend, and hence cannot say what the examination did.

—We are in receipt of a special advance circular of Clayton's lyceum bureau, of Chicago, offering to give series of first class Lyceum entertainments, by ladies or gentlemen, upon different subjects.

—Prof. J. T. Walker will commence a four months public school, in the Z. Spearman district, next Monday. As this will be the second term in that district it is an evidence the professor has found satisfaction.

—On Island No. 1, near St. Elizabeth, on the glorious fourth, dancing commenced at 8 p. m. and continued 'til daylight next morning, and we were informed that it was not a very good time for dancing either.

—There is a probability, we are happy to say, that Dr. Bradford will receive the appointment as census-taker for this Congressional district. The pay, we are told, for such services will average about \$1,200 per county.

—A woman of this place, taking upon herself the deluded plea of insanity, made two pretenses, attempts to drown herself in the river last week; of course she was unsuccessful—being particular to let some one know her errand.

—Died—Adaline, daughter of Mr. B. Hake, near St. Elizabeth, on last Friday, of congestive chills. Dr. Tremain was summoned but life was extinct when he reached there. The grief-stricken family and relatives have the sympathy of all in the loss of so intelligent and worthy young lady.

—Marshal Tillery of California was in this place and vicinity a few days this week. He was out on business; but nothing criminal. He is a sociable gentleman and one of the practically thorough detective and police force, and we believe as successful as any in the West.

—The wheat and corn crop of this county is intact, safe and of a larger and better quality than ever known before. Every farmer has a bright countenance, as much as to say, I AM SAFE—a crop sufficiently abundant, with

proper care, to take us over two or three years, and willing hands can safely be put to in any improvement for the upbuilding of Miller county.

—An honest indifference to many prevailing complaints is the result of using Dr. Bull's Baltimore Pills. For sale by all druggists. Price 25 cents.

—Berry F. Rush brought to our Gallery of natural curiosities two hides of rattlesnakes one 12 and the other 11 years old, they were captured at the farm of Jas. Rush on Jim Henry creek.

—The heaviest storm of wind and thunder of this season occurred early this morning; no damage that we have heard of; the rain has put the corn in a still more beautiful condition.

—We received a letter from Rev. E. Springer last evening. He says they are having a revival of religion at Elysville, and on that account missed his appointments at this place and Flatwoods on the 2nd.

—Wm. Bond of Decatur, who has been living and operating business in that vicinity some years, has by forgery of notes, we understand, secured several thousand dollars and made his exit from this country. Messrs. Jos. Taylor, Josiah Goodman, W. M. Lumpkin and Proctor of this county are among his victims.

—Camden county has two newspapers. Her experience with newspapers have been as the Arkansas poets said:

"Man's a vapor,
Full of woes;
Starts a paper,
Up he goes."

—Rev. David McComb will preach at Flatwoods school house Saturday of next week and Sunday following. On Saturday above mentioned the church edifice will be considered and an estimate of the cost of lumber from Mr. Howard will be presented. A full attendance expected.

—On last Saturday morning Mr. Samuel Hawken, one of our townsmen, began cutting his wheat, he threshed some of it, took it to the Anchor mill, had it ground and made biscuit of it for dinner, at 12 o'clock that day. This was not, commonly speaking, a ground hog case, but it was a case where considerable haste was manifested by Sam'l. Phil. and the cook.

—Capt. Wes. Hackney and pilot Chas. Bowden called on BANNER office last Saturday. The Capt. is one of Miller county's most energetic farmers and railroad the contractors and rafters; he has this season rafted over 27,000 ties to Osage City and has never lost a tie in all his rafting. Chas. Bowden a young man raised in Callaway has been on the Osage river in piloting rafts and has become one of the best river men now navigating this beautiful stream.

—We notice in the Cherryvale, Kansas, Globe that friend H. C. Todd is now one of the energetic citizens of Cherryvale; his advertisement appears as real estate and insurance agent; he has purchased and put in good style a large business house and in the 4th of July toasts and exercises we notice: "The women of America—offered by M. F. Wood; Hon. H. C. Todd responded in a most agreeable style." "We cannot close without alluding to the dignified and praiseworthy manner in which Hon. H. C. Todd, the president of the day, conducted his arduous duties. The hearty thanks of our people are doubly due to this gentleman for his labors."

—A promising young man called at our office last Saturday and was introduced as Wm. Brokmeyer, a nephew of Lt. G. v. Brokmeyer, and was stopping in the country a few days rusticiating; on Sunday afternoon he came to town, saying his horse had gotten away the night before, and he would stay here until next morning when he would take the back to Jefferson City. He remained at the Planter's House until Monday morning, and just before breakfast he made his exit, leaving his bill unpaid, and has not been heard of since. No fears of his happening to any misfortune to cause his sudden disappearance, more than his own misapprehension of his ability.

—A young mother must have some rest. But how is this to be accomplished, when the baby is restless and cries constantly? Simply by using Dr. Bull's Baby Syrup.

—James H. Sexton and L. D. Seely, manufacturers of Fairview Bee Hive in California, gave the BANNER office a pleasant call last Saturday, report that they have been out with twenty two hives for one week and have disposed of the entire number and were on their way back for another load, on their route transferred colonies with their honey, from the common round gum and box hives into their new patent hives; the bees went to work immediately filling their new houses, for reference of their report, we respectfully refer all honey raisers to A. H. Fiemens, of Glaz; Mr. Traugh, Mr. Sweet and Mr. German of Camden, and others in that section. They contribute to the support of BANNER. Call often gentle.

Notice.

Persons who are indebted to me either by note or otherwise in sums of \$20 or less can pay me if they desire in wheat at the market price, if so paid in 20 days. Come up boys, I can't wait any longer, save me from making any further effort, and yourselves trouble. T. R. ROBINSON.
